On Thursday, May 7, 2009 our ACS Chapter is again joining with the Brooklyn Surgical Society for a combined Resident Abstract and Presentation Competition. A panel of judges will review all the entries and choose the three best Clinical and three best Research entries. At the event the six Resident Abstracts will be briefly presented by the submitting Residents and discussed to decide on the ranking of the first, second and third place in the categories of Clinical and Research. The finalist abstracts will be culled from all surgical disciplines.

We strongly urge you to attend this meeting as a display of support for our hard working Residents throughout the area hospitals. It is certainly a part of our responsibility as educators of the next generation of surgeons to strongly support them in their endeavors of research, writings and presentations.

As a benefit of your support, dinner and cocktails will be provided so as to make the evening both highly informative and most enjoyable. The fee for attendance will be nominal.

Please support your Residents and your ACS Chapter in this endeavor.
